

Client Brief

Marvel Comic Collection API Project

We want you to create an app that allows users to search for their favorite comics and save them as collections. The app should also allow users to save a whole comic book series, as well as one off comics.

Scope of Work:

- Allow users to search for a comic or comic book character and show matches. Be sure to include pictures where available.
- Allow users to save a whole comic book series, as well as one off comics using Firebase.

Deadline:

- Wireframes by Wednesday
- Beta by Friday
- Final by the following Wednesday.

Deliverables:

- Project up on github
- Project on URL, can be ghpages url.

API URL: https://developer.marvel.com/documentation/getting_started
